

Setting up your PayPal to work with StreamingVideoProvider PPV

1. Login to your PayPal account.

2. Go to Profile -> Profile & Settings > My Selling Preferences

3) Instant Payment Notification -> Update

Getting paid and managing risk		
My automatic payments	Manage the subscriptions, automatic payments and instalment plans that I offer my customers.	Update
Instant payment notifications	Integrate PayPal payment notifications with my website.	Update
Managing risk and fraud	Automatically accept or decline certain types of payments.	Update
Block payments	Limit payments, add instructions and more.	Update
Customer service message	Personalise customer service messages.	Update

4) Edit The IPN Settings and for Notification URL enter the following line address:

http://streamingvideoprovider.co.uk/index.php?l=ppv_pmt&a=pp_ipn

5. Select "Receive IPN messages (Enabled)" and press "Save"

Edit Instant Payment Notification (IPN) settings [Back to My Profile](#)

PayPal sends IPN messages to the URL that you specify below.

To start receiving IPN messages, enter the notification URL and select **Receive IPN messages** below. To temporarily stop receiving IPN messages, select **Do not receive IPN messages** below. PayPal continues to generate and store IPN messages until you select **Receive IPN messages** again (or turn off IPN).

Notification URL

IPN messages
 Receive IPN messages (Enabled)
 Do not receive IPN messages (Disabled)

Setting up your PayPal to work with StreamingVideoProvider PPV

6. Under Profile > Profile & Settings > My Selling Preferences > PayPal button language encoding

7. Click on "More Options"

Language Encoding

[Back to My Profile](#)

Use the following drop-down menu to select the language you use on your website. The language on your website determines the encoding method that is used for the data sent to PayPal from the website payment buttons.

Your website's language:

8. Change both dropdowns to UTF-8 and Save

More Encoding Options

Use the following drop-down menu to select the encoding used on your website.

Encoding:

Do you want to use the same encoding for data sent from PayPal to you (e.g. IPN, downloadable logs, emails)?

Yes
 No, use:

For more information on adding multiple languages to your website payment buttons or IPN, please refer to the [Integration Guide](#).

9. Ensure your PayPal account is set to automatically accept payments made in other currencies different than your default PayPal currencies, without the need for you to manually accept them.
